

PERTH AIRPORT

QANTAS DOMESTIC TERMINAL
PERTH AIRPORT MULTI USER TERMINAL
PERTH, WESTERN AUSTRALIA
contract since 1991
Approximate passengers annually- 8.6 million

Delaware North manages and operates food & beverage outlets at three terminals at Perth Airport

- Qantas Domestic
- Multi-User
- International

The retail mix for each terminal has been carefully determined with the client to facilitate a relevant and targeted offer to the key customer groups. We combine local franchises with our Delaware North proprietary brands and continuously review our retail mix to keep it contemporary and aligned to change in trends and customer demands. Most recently our new O's concept was introduced into the Multi-User terminal. O's is a donut & bagel specialty outlet.
