

With a facility spanning over six hectares, the management of the retail food and beverage, functions, special events and accommodation is reliant on a strong and systematic operational approach.

The target markets utilising the facility are broad in purpose of visit and in demographic, and this must constantly be assessed and reflected in the menu design, product mix and service delivery.

## FUNCTIONS AND SPECIAL EVENTS

Sleeman Centre offers the ability to cater for sit-down dinners for over 1,000 guests, sporting events featuring both stands and corporate table service.
